► All pre-retrofit lamps and ballasts will be removed and recycled by the Contractor as a part of this proposal.

The discounted price received by the Customer at the above referenced property is conditioned upon the Customer retaining Austin Energy as its provider of electricity at the above referenced property for a period of five (5) years following the installation of the equipment. If Customer ceases using Austin Energy as its provider of electricity within the aforesaid period, then a prorated portion shall become due and payable to Austin Energy. The amount to be refunded, will be decreased by 20% per annum for each of the 5 years of the refund period. The Customer is responsible for keeping all discounted equipment in place and properly maintained in working order for this same time period. The Customer agrees to allow an Austin Energy Representative to inspect the referenced facility for compliance with this requirement for the duration of this agreement.
