

## POLE ATTACHMENT APPLICATION

**New Attachment**

**Overlash Attachment**

Notwithstanding any terms or conditions set forth on this application form, applicant's contractual rights, obligations, and remedies are set forth in, and governed solely by, the infrastructure license agreement between applicant and Austin Energy (AE). The agreement shall control to the extent of any conflict between the terms of this application and the terms and conditions of such agreement. Incomplete applications will be returned to applicant without further action by AE. Required information includes the completed application, proposed schedule, prints and maps, proposed route, project description, and a copy of the Filing Fee check.

### **MAKE READY COST CONCURRENCE**

If make ready is required, certain AE distribution equipment and/or other assets need to be changed in order to accommodate Licensee's attachments on the poles and route described in this application. AE \_\_\_ or Licensee \_\_\_ is responsible for all make ready construction associated with this application. AE will bill License for all engineering design, construction and inspection services necessary to process, review, and approve this application. If AE elects to perform make ready construction, AE shall bill License, and Licensee shall pay, for costs related to such construction. If Licensee is directed to perform make ready construction, License shall perform such construction at its sole risk and expense, including the cost of final inspections(s) by AE, its subcontractors, or its agents. By signature below, AE and Licensee indicate their understanding and acceptance of these terms and conditions notwithstanding any other related terms and conditions of Licensee's infrastructure license agreement.
