

FREE ENERGY SAVERS

FOR VENDING MACHINES AND REACH-IN COOLERS

from Austin Energy

REDUCE ENERGY COSTS

A typical vending machine consumes \$300 of electricity each year. The free Energy Miser products from Austin Energy help reduce electricity use substantially without compromising the vending machine product by using a motion sensor to know when the area is vacant.

SIGNIFICANT DOLLAR SAVINGS

VendingMiser®

The VendingMiser for cold drink machines reduces electricity use by **up to 40% or \$125 per machine annually.**

CoolerMiser™

The CoolerMiser for glass front drink coolers reduces electricity use by **30% or \$100 per cooler annually.**

SnackMiser™

The SnackMiser for non-refrigerated snack machines reduces electricity use by **80% or \$25 per machine annually.**

IT'S EASY

EnergyMisers are simple plug-and-play products that are installed **free of charge within 5 minutes.**

*Don't miss out on Austin Energy's most popular energy conservation program!
Working to keep Austin the most livable city in America.*

POWER SAVER PROGRAM
Saving Energy Together

ENERGY MISER APPLICATION FORM

from Austin Energy

Congratulations! Your participation in the Smart Vendor Program is going to save energy and lower your monthly costs.

TIPS THAT WILL KEEP YOUR MISERS WORKING PROPERLY AND INSURE MAXIMUM ENERGY SAVINGS:

- Misers are provided to you free of charge to be used on machines that operate in the Austin Energy service area.
- VendingMisers, CoolerMisers and SnackMisers are only to be used on vending machines and coolers filled with non-perishable drinks and snacks.
- Misers work best in areas that have periods of 3 to 4 hours or more when the area around the machine is vacant.
- Misers only function properly when the sensors are unobstructed by objects.
- If you have problems with either the Miser or sensor (you don't see a green light or you see a steady red light or no light at all) please give us a call at 1-877-549-2774.
- If you add any additional machines or coolers (or remove them), please give us a call so we can install another free Miser or pick up ones not being used.

To have your Miser installed free of charge simply call 1-877-549-2774 or fax this completed form to 512-834-0901.
