

GreenChoice® PRODUCT CONTENT LABEL¹

This product matches 100% of your estimated electricity usage.
The product will be made up of the following new renewable resources averaged annually.

Green-e Energy Certified New ² Renewables in GreenChoice®		Generation Location
Wind	100%	Texas
Total Green-e Energy Certified New Renewables	100%	
Non-New Renewables	0%	
Total	100%	

1. These figures reflect the power that we have contracted to provide in CY2012. Actual figures may vary according to resource availability. We will annually report to you the actual resource mix of the electricity you purchased during the preceding year.

2. New Renewables come from generation facilities that first began commercial operation on or after 1/1/97.

Non-GreenChoice Fuel Mix

For comparison, the current average mix of resources supplying Austin Energy's non-GreenChoice customers includes: Coal (37%), Nuclear (27%), Natural Gas (31%), Renewables (Non GreenChoice)* (5%).

*** The Austin City Council established a goal of 35% renewable energy for Austin Energy's total electricity sales by 2020. By the end of 2012, Austin Energy's renewable electricity sales, including those made through GreenChoice, will be 12% of its total electricity delivery.**

For specific information about this electricity product, please contact Austin Energy, 512-974-7827, www.austinenenergy.com/go/greenchoice.

Green-e Energy certifies that GreenChoice® meets the minimum environmental and consumer protection standards established by the non-profit Center for Resource Solutions. For more information on Green-e Energy certification requirements, call 1-888-63-GREEN or log on to www.green-e.org.
